What is TEDxWestshore?

TEDxWestshore is an independently organized TEDx event that promotes the initiative “ideas worth spreading”. This event will feature live speakers to spark inspiration, innovation, and connections through presentations on technology, entertainment, design, science, humanities, business, and development. Our TEDx event is operated under a license from TED. We're excited to be a TEDx licensee and to bring people together to share this experience. We are reaching out to organizations that are committed to the power of ideas to support our TEDx event that will feature dynamic thinkers, presenters, and performers.

What is TEDx?

In the spirit of ideas worth spreading, TEDx is a program of local, self-organized events that bring people together to share a TED-like experience. At a TEDx event, TED Talks video and live speakers combine to spark deep discussion and connection. These local, self-organized events are branded TEDx, where x = independently organized TED event. The TED Conference provides general guidance for the TEDx program, but individual TEDx events are self-organized. (Subject to certain rules and regulations.)
